

We will be acting like detectives to uncover things old and new!

# Street Detectives

## In writing we will;

- Develop poetry writing through nursery rhymes
- Increase the range of punctuation
- Improve our letter formation and joining
- Write and follow a set of instructions
- Create our own adverts about the opening of our new buildings for Malmesbury
- Learn how to write a diary entry

## In Maths we will;

- Develop our understanding of 3 digit numbers
- Develop a more formal approach to adding and subtracting
- Find fractions of shapes and numbers
- Begin to learn our times tables
- Divide / share numbers
- Learn how to explain our answers
- Write numbers in words
- Interpret and construct pictograms
- 3D shapes

## In RE our topic will be; Prayer, Saints and Feasts.

- What is prayer?
- Understanding the term Saint
- Finding out about St Aldhelm
- Reading stories about Mary
- Considering the words of the Hail Mary.

## In reading we will;

- Use our fabulous school library more regularly
- Try and read a range of genres
- Learn how to skim and scan a text to retrieve information
- Comment on authors' use of language
- Discuss and offer our own thoughts and opinions on what we read
- Learn how to accurately precis what we read
- Complete the book worm reading challenge!

## Books at the heart of our learning!

## Our learning gems!

- We will be developing our emerald power in order to gain courage to overcome our fears and try new things. We will continue to find ways to show responsibility to earn diamond power.

## In PE we will;

- Develop our throwing and catching skills
- Applying our skills with in game situations
- Learning and abiding by rules and discussing their importance
- In Real PE we will be working on our social skills through movement
- To learn collaboration and teamwork
- Developing our ability to give and take feedback
- To learn to take calculated risks using our emerald power

## In Art /DT we will;

- Exploring how to models
- Sketching designs
- Consider 3D shapes in our constructions
- Photograph our local area to create a collage of our view of Malmesbury
- To work collaboratively on a large re-development of Malmesbury!!!!
- Graffiti!

## In Science we will;

- Carefully plan an investigation
- Develop our ability in predicting and testing those predictions
- Learning how to analyse results to produce a conclusion and try new things.
- Use appropriate terminology and layout within our write ups

This topic allows us to look at Malmesbury - to detect the old, the new and the future!!!!
